

All things Dr Falk: Together in one place

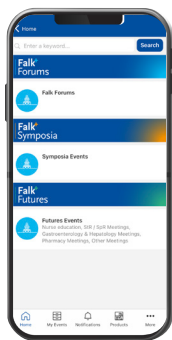

FalkPlus: the new community app for healthcare professionals in digestive and metabolic diseases from Dr Falk Pharma UK

What is FalkPlus?

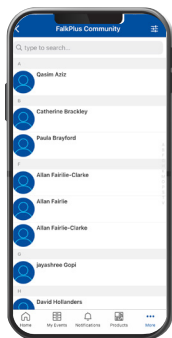

An app for digestive and metabolic disease healthcare professionals to promote collaboration and shared learning, by bringing our events, community and resources on a range of diseases and Dr Falk products together in one easy to access place. Register, livestream and catch up on our events, exclusively through FalkPlus; grow with your network and link with peers across the Dr Falk community; and discover a comprehensive library of clinical and educational resources at your fingertips.

What can you do on FalkPlus?

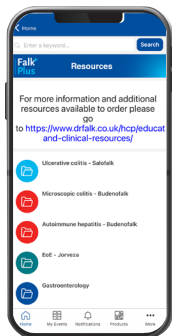

Connect to Dr Falk events

- **Once you download the app it's easy to register** for all events and **exclusive access to live streaming** of Falk events
 - To register for a Dr Falk event, click on the Events icon on the Home screen
 - Choose the event type you are looking for (Forums, Symposia, Futures)
 - Now you will see all the upcoming meetings that you can register for
 - You can see all the meetings you have registered for by tapping on "My Events"
 - To attend the live meetings you've registered for, go to the "My Events" section and click on the meeting you want to attend
- **Event catch-up facility** - video/scientific presentations on demand
 - To access previous meetings and presentations, click the "Event Catch-Up" icon on the homepage
 - Select the year and find the meeting you're looking for
 - Once you find it, you can view the presentation or bookmark it so you access it quicker at a later date

Tap into the FalkPlus community

- **Collaborate and network with colleagues and peers in GI and hepatology**
 - By clicking on "FalkPlus Community" you will see a directory of fellow HCPs that work in the digestive and metabolic disease space and are part of the FalkPlus community
 - If you click on the name of someone you would like to contact you will see their profile. Here you can start a chat with them on the app or ask them to connect to get their contact details
 - You can access your chats by clicking "Chats" after clicking the "More" icon

Access educational resources

- An insight into the **Dr Falk therapy area resources** for HCPs (and patients)
 - You can access a library of disease and product specific resources by clicking the "Resources" icon at the top of the Home page or the "Products" icon on the bar at the bottom of the page
 - In both of these sections you can browse through various HCP and patient materials from formulary guides to patient videos
 - To further explore the extensive library of resources available you can go to the Dr Falk UK website (www.dralk.co.uk)

Plus even more . . .

- On top of the Events, Networking and Resources, FalkPlus also gives you quick access to GI and hepatology news, other Dr Falk apps and the Dr Falk Twitter
- If you go to the "More" menu, you can also access any materials you've bookmarked, contact information and any notes that you'd like to make on the app

Helpful tips:

- The app is accessible through both your mobile device or computer
- You can download the app on any Android or iOS device, and access on your computer by following the link in the welcome email you receive when you download the app from Apple or Google stores
- Saving the web app link on the computer browser favourites is recommended for easy access to the web app in future
- You can install the app on multiple devices and simply repeat the steps above to activate your app
- We recommend that you use a Wi-Fi network or unlimited data plan to download the app. Downloading while you are on data roaming abroad may result in steep roaming charges
- The size of your event app download is approximately 40MB
- Your app will automatically download the latest updates when you start it while connected to the internet
